DETAILED ACTION

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claim 6 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. In line 5, the limitation "lower turrets" is recited, however, there is only one "lower turret" recited in line 3. In lines 7-8, "to place a notch of the upper turret the lower metal mold" is recited, however, this limitation gives no indication of where the notch is placed with respect to the lower metal mold.

Claim Rejections - 35 USC § 102

3. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

4. Claim 6 is rejected under 35 U.S.C. 102(b) as being anticipated by Seto et al. (5,810,704), hereafter Seto. Seto discloses plurality of upper metal molds 41; plurality of lower metal molds 35; upper turret 39; lower turret 33; notch 53; method of exchanging lower metal molds at an exchanging position in column 6, lines 18-29.
